

VALENTINA MARESCALCO
MAKEUPARTIST

“ *My journey to the make up world begun many years ago.*
When I was younger I used to see my mum and my aunties doing their make up.
My mum was the master of lipstick, she used to draw her lips without a mirror in front of her.
My aunties were masters at winged eyeliner.
My mum used to collect fashion magazines and I used to cut the models on them and mix clothes and looks creating the best outfit ever. ”

For me make up is a sort of super power that empowers you to be whatever you want. You can be everyday a different version of yourself.

Make up is art, the art to make people beautiful, is with no doubt the best part of the job.

I don't know when I started thinking about me as a make up artist, but it's me is who I am.
